

THE CUSHION-LIFT

If you have forgotten what it is like to bathe in comfort... to be in a bath where you can lay back and have a long leisurely soak... then you will love having the Cushion-Lift inflatable bath lift.

It's so easy to use. Simply press the automatic soft touch button on the hand control and you will be gently lowered on a cushion of air down to the very bottom of your bath. You will always be in control; so when you want to re-inflate the Cushion-Lift simply press the 'up' button and you will be lifted smoothly and gently out of your bath. It will support up to 308 pounds

It is available in a standard height that will raise the bather approximately 13"-16" high. Please designate whether you want the control cords on the RIGHT or the LEFT side of the cushion once you are seated.

All of the Cushion-Lift fittings are soft - ensuring your complete comfort. The Cushion-Lift requires no installation and takes just a few minutes to set up. When not in use the Cushion-Lift can be easily packed away, if desired. Getting a relaxing, full-soak bath is now only a Cushion-Lift away.
